11	CPGWH	Capability Building on Innovative Leadership for Legislative Staff 2023	Department of Budget and Management	1-Jan-23	31-Dec-23	<p>The Philippine Congress in 2018 has recognized the need to continuously capacitate top and up-and-coming legislative staff so as to ensure they are able to complement the evolving lawmaking functions of our legislators which involves the conduct of committee hearings and legislative inquiries on various socio-economic and political issues. Thus, Congress has identified education and training capability building as an intervention to develop capacities of its technical legislative staff so as to effectively assist and manage the need of our legislators. It is in pursuit of this agenda, that the legislative branch has chosen to partner with the Development Academy of the Philippines, with its reputation as the leading training institution that has capacitated individuals and development stakeholder organizations in government, the private sector, civil society, academe, and international organizations in efficiently and effectively performing their respective roles and mandates in development, to design and implement a continuous training program that would meet the evolving capacity needs of its staff. For this year, all interventions will continue to emphasize the role of Congress in balancing the powers of government and its continuing role in adopting legislative measures that are innovative, relevant and responsive in steering the economy back on a high growth-path as enunciated in the Philippine Development Plan 2023-2028. Both online and face-to-face learning will be utilized in delivering all training interventions, taking into consideration potential health risk and effective learning methods appropriate to the intended objective as well as to the changing situation. The CBILLS program include the following components: 1. Local Training which covers topics on management, leadership, policy development and technical skills, including special topics to revisit fundamental concepts, and facilitate awareness on current political trends, and new and/or emerging perspectives in the public sector. a. Modules on management, leadership and policy development skills designed specifically to enhance leadership competencies and technical skills of participants. b. Lecture series on socio-political and economic perspectives aim to promote the discipline of long-term planning and to provide a venue for discussing strategic issues that impact socio- political and economic governance. 2. The International Learning component is an opportunity for participants to learn from international experts and institutions. It aims to enhance global perspective and understanding on public policy systems, legislation, public sector leadership, as well as to innovative governance measures. It will also serve as a forum of information exchange where participants can discuss and share skills and best practices, while building</p>

23	MIPTO	Certificate Course on Strategic Health Communication Governance	Public Sector	1-Jan-23	30-Jun-23	<p>Public service is more than just an ardent passion to alleviate the plight of the poor and the marginalized, to lead the improvement of various systems in government, or even to make a significant difference in the lives of our countrymen. Not to conclude that such personal fervor for change is unnecessary, but rather, to emphasize more the tenet that public service is more than just the desire to uplift the lives of people, but, fundamentally, a craft and a virtue - a profession that requires due prudence, knowledge, skills and abilities for the purpose of advancing the common good and affect significant, meaningful progress for the country. It is stated in the Local Government Code, in Article Eight Section 478b-1 that the health officer shall take charge of the office on health services, supervise the personnel and staff of said office, formulate program implementation guidelines and rules and regulations for the operation of the said office for the approval of the governor or mayor, as the case may be, in order to assist him in the efficient, effective and economical implementation of a health services program geared to implementation of health-related projects and activities. With the enactment of the Universal Health Care (UHC) Act, Human Resource for Health (HRH) must aim to capacitate the workforce with competencies needed for the implementation of an integrated health</p>

finding and Science-based Review of
Performance of Existing Mining and

27	KRRAO	Conduct of an Objective, Fact-finding and Science-based Review of Performance of Existing Mining and Quarry Operations-Phase III_MGT FEE	Department of Finance and Department of Environment and Natural Resources	1-Oct-21	30-Jun-23	Pursuant to Section 3 of Executive Order (EO) No. 79, the Mining Industry Coordinating Council (MICC) issued Resolution No. 6 on February 9, 2017, directing the conduct of a multi-stakeholder review on the performance of existing mining operations. The review aims to identify the needed interventions that would effectively address existing mining issues and concerns and recommend measures that will further improve the management and regulations in the mining sector. Two reviews have since been conducted covering 26 mining companies that were issued closure and suspension orders by the Department of Environment and Natural Resources (DENR), and the remaining 18 operating large-scale mining operations. The reviews aimed to assess the technical, legal, social, environmental, and economic aspects of the mining operations. The review was undertaken by Technical Review Teams (TRTs) and an Overall Team Leader commissioned by the MICC. In November 2020, the MICC directed the conduct of the third phase of the review covering the large-scale mining operations in Bangsamoro Autonomous Region in Muslim Mindanao (BARMM) and 22 quarry operations (Annex A). The review is intended to be an objective, fact-finding and science-based process to (a) identify gaps, issues, and concerns that limits the mining sector to contribute effectively on national and regional development, and (b) recommend needed interventions and policy measures to ensure a more responsible mining sector that will contribute to sustainable development. Specifically, it aims to (a) assess the performance of existing mining and quarry operations in five aspects namely, technical, legal, environment, social, and economic, and (b) identify necessary interventions to maximize the economic contribution of the industry further while minimizing its environmental and social externalities. The third phase of the review is expected to commence on the fourth quarter of 2021.
28	QCROL	Development of a Quality Management System Certifiable to ISO 9001:2015 for the Office of the Assistant Chief of Staff for Financial Management, G10, Philippine Army	Philippine Army - Office of the Assistant Chief of Staff for Financial Management, G10	23/Nov/2022	31/Aug/2023	The Office of the Assistant Chief of Staff for Financial Management, G10 Philippine Army (OG10, PA), which was activated last 01 January 2021, serves as the adviser of the Commanding General on matters pertaining to budget and fiscal operations and facilitates the execution of Army appropriated and non-appropriated funds. The activation simplified the processes and management of the Philippine Army's financial and budgeting system which were being undertaken by two separate offices formerly known as the Management and Fiscal Office and the Army Resource Management Office. In pursuit of its transformation effort to be a world class Army by 2028, it continually improves its systems and processes. In this regard, the OG10, PA has requested the Development Academy of the Philippines (DAP) to provide technical assistance on the Development of a Quality Management System Certifiable to ISO 9001:2015 for the Office of the Assistant Chief of Staff for Financial Management, G10, Philippine Army.
29	QCRBB	Development of a Quality Management System Certifiable to ISO 9001:2015 Standard for the Office of the Presidential Adviser on the Peace Process	Office of the Presidential Adviser on the Peace Process	03/Nov/2020	31/Mar/2023	The Office of the Presidential Adviser on the Peace Process (OPAPP) is mandated to oversee, coordinate, and integrate the implementation of the comprehensive peace process; and is tasked to provide the OPAPP Secretary with technical support in the pursuit of peace, that includes reforms in social, economic, and political aspects; building consensus and peace-empowerment; political settlement with various armed groups, developing and leading programs for reconciliation, rehabilitation and reintegration into society, and, most especially, paving the way into a peaceful society. To ensure its compliance with Administrative Order No. 161 – Institutionalizing Quality Management Systems (QMS) in Government, wherein all government agencies are to improve the quality of their operations and service delivery through process streamlining and rationalizing documentary requirements to increase competitiveness and ease of transactions for the citizens, the OPAPP has requested the assistance of the Development Academy of the Philippines (DAP) in adopting an ISO 9001:2015 QMS. The ISO 9001:2015 shall provide a globally recognized standard that would transform the OPAPP's current management system to a certifiable QMS.
30	SPHVX	Diplomatic Protocols and Etiquette 2023	Development Academy of the Philippines	3-Apr-23	31-Jul-23	This program is designed to equip participants with both the knowledge and practical application of the code of behavior, ceremonial forms, courtesies, and procedures accepted and required for high level engagement, interactions or official functions between government and/or diplomatic officials, VIPs, or VVIPs locally or from other countries. 35	GYGWW	Foresight and Anticipatory Governance (2023)	Department of Budget and Management	1-Jan-23	31-Dec-23	As part of the ongoing efforts of the Development Academy of the Philippines (DAP) to effectively address the disruptive challenges brought by a VUCA environment, the Academy recognizes that enhancing the ability of organizations and institutions to anticipate and manage risks, maximize opportunities, and adapt to rapidly changing environments have become increasingly important. It is also for this reason that organizations around the world are building and institutionalizing competencies on innovation, agile and futures thinking to build a more robust, resilient and future-ready organization. According to OECD, strategic foresight and futures thinking should not be regarded as an optional

40	QFGUJ QOMP 2022: Development of a Quality Management System Certifiable to ISO 9001:2015 Standard for the Anti-Red Tape Authority	Anti-Red Tape Authority	01/Mar/2022	31/Mar/2023	<p>The need for government agencies to improve quality in their operations and service delivery has never been more urgent in the light of the current Administration's thrust to enhance the social fabric through ensuring people-centered, clean, and efficient governance, as cited in the "Malasakit" pillar of the Philippine Development Plan 2017-2022. To this goal, the government is leveraging the priorities of its Results-Based Performance Management System, and its people-centered Performance-Based Incentive System under Executive Order No. 80, s. 2012. This is further strengthened with the enactment of Republic Act No. 11032, otherwise known as the Ease of Doing Business and Efficient Government Service Delivery Act of 2018, which aims to establish transparency, efficiency, and quality in the delivery of government services and ensure citizen satisfaction, thereby improving the competitiveness of the country. There is also an urgent call to improve the citizens' faith and trust in the government's capacity to make the Filipino lives better, safer, and healthier. This clear and compelling direction of the Administration further intensifies the need for government agencies to comply with Executive Order No. 605, Institutionalizing the Structure, Mechanisms, and Standard to Implement the Government Quality Management Program, which was issued to effect improvement in public sector performance by ensuring the consistency of products and services through quality processes. Effective management and good governance are essential elements of quality that can be achieved through an effective Quality Management System (QMS). Aligning an organization's planning, service, and support operations to ISO 9001 International Standard is one reliable approach in establishing a QMS. This methodology provides a clear perspective of the quality system requirements and the areas of control to ensure consistency in the quality of services and continuous process improvement intended to generate approaches to improve citizen satisfaction. The Anti-Red Tape Authority (ARTA) is established through Republic Act no. 11032, to administer and implement the Republic Act No. 11032 and its Implementing Rules and Regulations; and to monitor and ensure compliance with the national policy on anti-red tape and ease of doing business in the country. In line with its mission to transform the way the Government serves and enables its Citizens and Stakeholders through good regulatory practices, streamlining and re-engineering of processes, collaboration, and application of technology; and to strictly implement and oversee a National Policy on Anti-Red Tape and Ease of Doing Business through monitoring compliance of agencies, initiating investigations, or filing cases for violations of RA 11032, the ARTA seeks to</p>
41	ODGUK QOMP 2022: Development of a Quality Management System Certifiable to ISO 9001:2015 Standard for the Department of Agriculture	Department of Agriculture	01/Apr/2022	31/Mar/2023	<p>Given that effective management and good governance are essential elements of quality that can be achieved through an effective Quality Management System (QMS), the Development Academy of the Philippines, through the General Appropriations Act of 2022, has funding for the Technical Assistance on the Development, Expansion, Consolidation of ISO 9001:2015 QMS, Risk Management and Service Quality Improvement for 13 QOMP Beneficiary Agencies, including the Department of Agriculture. In this regard, the Academy is implementing the project entitled, "Development of a Quality Management System Certifiable to ISO 9001:2015 Standard for the Department of Agriculture".</p>

46	TFHTT	Intensified Abot Alam Program (IAAP) - Trust Fund	Department of Education	03/Jul/2017	31/Aug/2023	This is in line with the priorities of the DepEd under the Alternative Learning Systems (ALS) for children, youth or adults that are out-of-school or have not been able to complete basic education. The Abot Alam Program is one among several components of the Alternative Learning System Program being implemented by the DepEd.

51	MLRPX	MASTER IN PUBLIC MANAGEMENT MAJOR IN DEVELOPMENT AND SECURITY BATCH 19	Armed Forces of the Philippines	01/Feb/2022	30/Jun/2024	The Master in Public Management major in Development and Security (MPM DevSec) and the Armed Forces of the Philippines Command and General Staff College (AFPCGSC) is a joint program of the Development Academy of the Philippines (DAP) and the Armed Forces of the Philippines (AFP) through the approval of the Department Circular Nr 5. It is crafted as a twinning program for the mandatory mid-career course of AFP officers before they are promoted to "06" position. The intensive degree programs seek to build the competencies of future leaders within the overarching framework of development and security. The program believes that enduring peace and prosperity can be achieved only by melding and balancing the relevant and key substantive sub-fields of national security and national development into a focused, single-minded, and reasonably coherent whole.

73	GYGTU Smart and Creative Communities	LGUs	1-Jan-22	30-Jun-23	<p>Smart city development has been emphasized in the context of the fourth industrial revolution, or commonly known as “Industry 4.0”, with the emergence of digitization, real-time monitoring and data collection, and big data analytics. The smart city development approach has become “a new growth engine and development strategy in many global cities,” focusing on ensuring citizen governance and sustainability goals. The goal of smart cities is “to become a creative, sustainable area, providing a high standard of living, a friendly environment and broad economic development prospects.” The Smart and Creative Communities (SCC) Program supports the country’s global commitments (i.e., UN 2030 Agenda on Sustainable Development Goals) and national policy framework (AmBisyon Natin 2040)— in line with the country’s vision for Filipinos to be “smart and innovative,” and the strategies to improve the quality of living conditions through the adoption of “smart city” principles, accelerate human capital development, promote cultural awareness and understanding, and stimulate creativity and innovation for the common good. It aims to capacitate institutions, leaders, and decision-makers on the development of smart and creative communities cognizant of the greater role of LGUs in the delivery of public service. Further, as mandated by the Local Government Code of 1991 in conjunction with the 2018 Mandanas Ruling of the Supreme Court, LGUs have the primary responsibility of attaining the fullest development of self-reliant communities in line with national goals and have been structured and allocated resources to build community and individual capacities through the delivery of efficient,</p>
